

## Artifact Reflection

### **I. What is the artifact from this course?**

The artifact I selected from EDL 771 was my own leadership improvement plan.

### **II. Why is this artifact selected?**

The Leadership Improvement Plan allowed individuals the opportunity to construct their own leadership plan based on how they envisioned a leader should be and how they analyzed their own leadership weaknesses. This enabled the students to visualize how they would like to lead, and focus on strengthening those weaknesses.

### **III. What learning or understanding occurred through the selected artifact?**

Through research focusing on leadership qualities, I was able to find multiple sources that detailed what good leaders do and what can be done to enhance those skills.

### **IV. In what ways (personally and/or professionally) are you different as a result of this learning or understanding?**

I have knowledge of what makes a leader effective, and methods and resources on how to improve various skills.
